

## Plan N – Network Management Service

### *Monthly Reoccurring Option Kit*

**IT911now.com** Specializes in Network Management Services for Small to medium sized businesses. We deal with keeping the network (and the services that the network provides) up and running smoothly. It includes monitoring the network to spot problems as soon as possible. Our Technical Team pride ourselves on managing and maintaining a healthy, secure, and cost effective Network for each of our clients. You will have access to a certified technician during IT911now.com hours of operation who will be able to assist you in addition to monitoring your entire Network 24/7.

### Network Management Includes:

- All the Plan A services Plus...
- Managed Services
- 24hr NOC service
- Helpdesk Support
- Project Planning
- Training Services
